

## **Coal or snow**

*If you want to keep the snow...*

*We've got to stop the coal*

*If you want to keep the snow,*

*We've got to stop the coal*

Coal's the thing we need to fear,

It puts the CO2 in the  
atmosphere

*If you want to keep the snow...*

If we don't control the climate  
change,

There'll be no snow in  
Kosciuszko range

*If you want to keep the snow...*

Warmer winters we're sure to  
see,

And a shorter season for folks to  
ski

*If you want to keep the snow...*

High country people need to  
know,

If you get more heat then you  
get less snow.

*If you want to keep the snow...*

Where will the ski slope workers  
go?

They won't have jobs if they  
don't have snow.

*If you want to keep the snow*

Speak up now and draw the  
line,

It's time to stop the Adani mine,

*If you want to keep the snow...*

He's poisoned rivers, bleached  
our reef,

Protect our snow from this  
corporate thief.

*If you want to keep the snow...*

Stand together hand in hand,

Stop the mining, protect our  
land.

*If you want to keep the snow...*
