

## **Divest**

*Protest, protest, protest*

*And let the message resound,*

*Divest, divest, divest,*

*Make them leave the coal in the  
ground.*

The Barrier Reef may soon be dead

*Protest, protest, protest,*

Drive that into the corporate head,

*Divest, divest divest,*

Don't let Adani mine Galilee,

*Protest, protest, Protest,*

If he kills the reef there is no plan B

*Divest, divest divest,*

*Protest, protest, protest*

Money's all the greedy understand

*Protest, protest, protest,*

So snatch the wealth from the greedy  
hand

*Divest, divest divest,*

They've poisoned water, air and soil

*Protest, protest, protest,*

Extracting minerals, coal and oil,

*Divest, divest divest*

Pacific islands already drown,

*Protest, protest, protest,*

We must break the wealthy end of  
town.

*Divest, divest, divest,*

Big money buys corruption, lies and  
fraud,

*Protest, protest, protest,*

Shout that out at the corporate board.

*Divest, divest divest,*

*Protest, protest, protest*

*And let the message resound,*

*Divest, divest, divest,*

*Make them leave the coal in the  
ground.*

What price for the Barrier Reef?

*Protest, protest, protest,*

What price the beauty, loss and grief?

*Divest, divest divest,*

How much is this planet worth?

*Protest, protest, protest,*

We only have this one Planet Earth

*Divest, divest divest,*

*Protest, Protest, Protest,*
